Bathroom accessories

Matte black mixer

Matte black mixer

Minimalism doesn't mean missing out on character — and F.lli Frattini's Black Matte collection is proof. With a velvety finish that absorbs light rather than reflects it, these fixtures add quiet drama to kitchens and bathrooms. The matte black surface complements modern materials like concrete, glass, and stone, creating a bold contrast without shouting for attention.

Perfect for design lovers who believe every detail counts, this collection pairs cutting-edge functionality with a refined aesthetic. It's not just about looking good — it's about feeling intentional. Whether you're going full monochrome or adding depth to a neutral palette, these pieces are the finishing touch your modern space deserves.
